Donations: A portion of the income after expenses (ship charter to organizers, transfers, as well as printing and shipping of the flyers, etc.) will be donated by the travel organizers, Apatiner Community e.V. to individuals and organizations tasked with maintaining cultural and historical research in and around Apatin. The size of the donation depends on the total number of passengers and total expenses. By booking a reservation and paying a deposit, passengers agree to participate in the charitable donation. Total donation collected (pp) will be communicated to participants after the trip has been completed by print in the Apatiner Heimatblätter.

Travel Documents: A valid passport is required for this trip. Passport must be valid for a minimum of 6 months beyond your return. It is not possible to travel without a passport. American, Australian and all non-EU citizens require passports.

Reservation / Registration: Have you already reserved the trip by Email or phone? In this case, please register with us with the binding registration below. Contact us in the case you have not yet reserved a cabin.

Transfer to and from Passau-Lindau: Arrival and departure must be planned individually. If desired, we can organize transfer vehicles for smaller groups for a contribution towards expenses (only costs of the transport company). Please forward your individual request to Peter Mijatović, for contact details see below.

Travel conditions of the shipping company Princesse de Provence Cruises GmbH & Co.KG/Organizer

1. Registration/Confirmation

Upon receipt of your reservation, a travel contract will be sent to your address. Please provide the name of each passenger at the time of registration. Persons completing the reservation form guarantee the registrations for each passenger travelling in his/her party. Alternatively, each participant may register separately. The organizer will confirm each travel registration in writing to include an agreement of travel services and total price. No intermediary/travel agency is authorized to make any commitments on behalf of the promoter beyond the services mentioned in the confirmation. Once executed, all travel contracts are binding as written. Organizer reserves the right to correct any typographical or calculation errors. Together with the travel contract, each customer automatically receives an insurance certificate, which insures against loss of payments in the event of the organizer's bankruptcy or insolvency. This insurance is provided by TRAVELSAFE GmbH.

2. Payment

The travel contract provides for payment in 2 installments: Initial deposit of no less than 20% of the entire price is due immediately upon receipt of confirmation. The remaining amount is due no later than 21 days prior to departure date. In case of a last-minute application (less than 21 days prior to departure date,) the initial deposit is omitted, and the entire price is due at time of booking.

3. Withdrawal/Replacement/Changes/Cancellation Fees

Registrants have the right to cancel at any time before the departure date. Cancellations must be in writing, citing the booking number and date of travel. The travel organizers reserve the right to charge registrants a fee for cancelling a booking. Prorated fees shall be calculated based on the date on which the cancellation is postmarked and are applied as follows:

Cancellation up to 59 days before departure date	-10% of the price of travel
Cancellation between 58 - 30 days before departure date	-20% of the price of travel
Cancellation between 29 - 22 days before departure date	-30% of the price of travel
Cancellation between 21 - 10 days before departure date	-50% of the price of travel
Cancellation between 9 - 2 days before departure date	-70% of the price of travel
After that or in case of non-commencement of the trip	-75% of the price of travel

These provisions also apply if, for example, you miss the cruise due to travel delays or lack of proper travel documents. Registrants are responsible for meeting the ship on time. Cancellation fees may not apply if the organizer changes the date of the trip. Changes in reservation dates will be honored, whenever possible. However, a minimum booking fee of EUR 25 pp will apply. In addition, a passenger may substitute for a previous registrant assuming the rights and obligations spelled out in the travel contract. The organizer reserves the right to reject substitution of a passenger if said passenger fails to meet travel requirements and/or the substitution is contrary to legal or official regulations. A minimum booking fee of EUR 25 pp applies in all cases of substitution. If multiple persons substitute into an existing travel contract, each participant will be charged the minimum booking fee. In any case, the entry of a substitute person requires confirmation from the organizer. We strongly recommend taking out travel cancellation insurance.

4. Withdrawal/cancellation of the contract due to exceptional circumstances

Registrants and organizer have the right to terminate the travel contract due to unusual or unforeseeable circumstances. Cancellation may occur prior to the departure date or after the trip has commenced. The additional cost of return transport shall be divided 50/50 between registrant and organizer in cases where cancellation occurs through no fault by either party. The organizer may void the contract prior to departure date or terminate the contract without notice after the start of the trip, if a travel participant causes a disturbance or despite warning behaves in a manner that is a nuisance or a safety concern. The flat cancellation fee shall apply. The organizer may void the contract up to 4 weeks prior to departure date, if carrying out the terms of the contract are not economically feasible, and after exhausting all reasonable alternatives, organizer is unable to perform. This is particularly true for trips that require a minimum participation. In such a case, registrants shall receive a refund of all remittances. Termination of the contract may be subject

to force majeure. This includes, for example, the occurrence of high or low water and/or related damage to the vessel or motors, government regulations, closing locks, war-like conditions, epidemics. In such cases, the organizer may cancel the trip at short notice and without any legal recourse. It is recommended that travelers inquire about possible force majeure by phone, e-mail or fax within 48 hours of departure. Contact information for the organizer will be included in the travel documents. If the travel contract is cancelled due to force majeure, the organizer will refund only the travel price. No other related costs, such as hotel accommodation or other arrangements will be reimbursed.

The feasibility of the cruise trip depends on the status of the COVID pandemic. If the pandemic situation is over by the start of the journey on July 2nd 2022, no conditions are to be expected. Otherwise, the shipping company is obliged to carry out the officially ordered measures, such as reduced number of participants, hygiene concepts, mask requirement, etc. The **Corona Pandemic Rules** to be followed are described in section 11. of these travel conditions. We are also talking about the transport of people who have complete vaccination protection and who can evidence it. In extreme cases, the trip can be canceled without a legal claim being derived from it.

5. Performance change/price changes

The organizer reserves the right, in good faith, to make changes to travel services--from time to time--if circumstances require and if said changes do not significantly impair the passengers' enjoyment of the terms under the travel contract and are not due to organizer's negligence. If the implementation of the modified service is significantly equal to or better than what was agreed upon in the travel contract, then there shall be no adjustment made to the price of the cruise. In the case of high or low water, the shipping company reserves the right to service partial routes by bus and/or to have passengers transferred to other vessels without any legal recourse. Passengers will be informed of any changes in service as soon as they become known. If the changes are significant and affect the travel service, registrants will be permitted to cancel without fees. All requests for cancellation must be made to the organizer in writing. The organizer may offer to book registrants on an equivalent future cruise, if available. Registrants reserve the right to a full refund. If, after execution of the travel contract, the transport costs, specifically fuel costs, increase, the organizer may increase the price of the trip by no more than 5%. The prerequisite for this increase, however, is that there must be at least 4 months between execution of the contract and the date of travel and that the increase was unforeseeable. The organizer must inform registrants immediately of a price increase. Price changes from 20 Daye before the start of the journey are not permitted. If proposed price increase is more than 5%, registrants may void the contract. Registrants may request participation in an equivalent future travel option from the same promoter, provided that the organizer is able to offer one. Registrants must make such claims immediately after the price increase is announced. The organizer is only liable for services mentioned in current catalogues/brochures.

6. Liability

Liability under this contract only applies to damages other than bodily harm and is limited to a maximum of three times the price of the trip, provided that damages were not due to intentional or gross negligence on the part of the organizer, their agents and/or assigns. Liability under this contract does not apply to any claims or promotions made by third-party service providers, e.g. additional bookings or events presented by outside organizations. If the organizer, acting as cruise operator, is party to personal or baggage damage, claims will be processed according to international rules and regulations as allowed.

7. Compulsory participation

Passengers must report all problems and service disruptions immediately to an employee or crew member and to work toward mitigation of further damage where possible. The organizer shall be given the opportunity to remedy the situation in a reasonable period of time. We recommend that passengers inform our local representative immediately, for example, in the event of damage or loss of items. If a problem cannot be rectified, complaints should be addressed to the organizer in writing no later than 30 days after the end of the trip.

8. Entrance and health regulations

The organizer will inform travelers about applicable local health and safety regulations for the countries visited. However, registrants are responsible for complying with passport and visa requirements. Organizer will not be held responsible for any loss or additional costs resulting from individual non-compliance with the above provisions.

11. Special corona pandemic rules for MS Princesse de Provence 2022, status at November 10th 2021

Dear partners, dear colleagues, with regard to the corona pandemic, we would like to perform "doubly sure" to protect passengers and crew and do everything in our power to achieve this. As part of our hygiene concept for 2022, we have set the following special rules for all participants on board of the MS Princesse de Provence:

A. Only participants with complete vaccination protection are admitted; The yellow vaccination pass (German only) or the digitally verifiable CovPass on the smartphone or as a printout (with the corresponding DataMatrix code DMC) are considered as proof. (Participants below 70 years of age vaccinated twice; Participants who are older than 70 years also need the "booster" vaccination, which must be evidenced as stated above).

B. independently of A. we also accept bookings from participants who have successfully overcome a Covid disease in the last 6 months before the start of the trip and who can evidence this with an original medical certificate.

C. According to the current status - and with the exception of a possibly different official order - an FFP2 or surgical face mask must be worn in all public areas (lounges, corridors) of the ship.

D. The same applies to the excursion / city tour buses until further notice

E. Of course, since the cruises are cross-border, we must also follow the regulations of the other countries bordering the Danube (Austria, Slovakia, Hungary, Serbia, Romania, Bulgaria)

It is imperative that your customers are informed about our corona rules before booking, in order to rule out any later discussions. The above booking requirements become part of the travel conditions. You will of course be informed promptly if there are any changes that differ from the above. Changes can be expected at any time, possibly even at short notice. It is important to us that our guests on board the MS Princesse de Provence are together as well protected as possible from the corona virus and that we create a good feeling of security for everyone on board.

Thank you very much, also on behalf of our on-board staff, for communicating these regulations to your customers in this way.

Kind regards, Your shipping company, Princesse de Provence Cruises GmbH & Co. KG, Katzensteige 22 in 74076 Heilbronn
